

A Day at Clover Patch Camp

Each cabin typically has six direct care counselors working directly with eight campers. As a team, the cabin staff work together twenty-four hours a day to give their campers a full week of fun, laughter and new friends.

Every morning begins with the raising of the flag and morning welcome song. Daily activities include arts & crafts, sports & outdoor recreation, music & drama, nature activities, swimming, guest entertainment and much more. Interspersed through the activities are the daily necessities including meals, showers and medications. Each day ends with lights out at 9:00 p.m.

Each camping session begins and ends with a campfire ceremony to anticipate the excitement, celebrate each camper, bid farewell to new friends and cherish memories.

Our Mission

Clover Patch welcomes campers with disabilities, ages five and older. All prospective campers are evaluated individually and are enrolled pending physician's approval and appropriate screening by the Camp Director and medical advisors.

Camp Mission

We are committed to meeting each camper's needs through continuous improvement and growth. We believe that through our commitment we possess the innovation, integrity and momentum to strengthen our services and provide each camper with the experience of a lifetime. We strive to create an atmosphere where campers and staff can develop life skills, self-confidence and personal freedom by creating new friends, new memories and new experiences.
